

AZKOYEN[®]

Palma-B

Palma-B Cold drinks • Kalte Getränke

Attractive

The large lit product display panel and eye-catching design maximises impulse buys.

Attraktives Design

Der Kaltgetränkeautomat Palma B ist verkaufsfördernd am Aufstellplatz. Die runde Front, die große beleuchtete Displayscheibe garantieren eine optimale Präsentation und somit hohes Impulskaufverhalten.

Easy to use

Vending modules that are simple to prepare, convenient product case support, simple programming and easily-changed product and price decals.

Leichte Bedienbarkeit

Die Palma B ist sehr leicht modifizierbar; Füllen, Auswechseln und Einstellen der Einzelschächte auf andere Gebinde, Produktschilderwechsel sowie programmieren von Verkaufspreisen sind in kürzester Zeit sehr einfach machbar.

Technology

Built as a "State-of-the-art" product, the Palma incorporates its own diagnostic system, a clear lit alphanumeric display, easy access to critical components and flexibility in choice of coin mechanism or payment system.

Technologie

Ein zukuntorientiertes Produkt von heute. Das universale Entnahmesystem, das Produktkonzept und modulare Elektronik, ein globales Isoliersystem, Selbstdiagnose, EXE oder MDB, Zahlungs- und Kommunikationssysteme garantieren, dass das Gerät jederzeit auf dem neusten Stand ist.

Flexible

Adaptable to meet your needs. A universal extraction system developed for cans, glass or PET bottles, combined with column association programming and easily changed product and price decals, means the Palma is the best way to vend cold drinks.

Flexibilität

Die Palma B maximiert den Produktabsatz durch bedarfsgerechte Anpassungsmöglichkeiten. Flexible Getränkeschächte, die Glas, PET und Dosen verarbeiten, eine flexible Zuordnung von Schächten zu Wahltafeln, einfach zu wechselnde Produktlabel und eine programmierbare Kühlung des Gerätes.

Secure

A galvanised steel body, an anti-pry door surround, steel selection buttons and a three-point door anchorage with high security lock, makes vandalism difficult and protects your profits.

Sicherheit

Ein stabiles Stahlblechgehäuse mit Türschutz, eine schwere Tür mit 3-Punkt-Verriegelung und Sicherheitsschloss garantieren ein hohes Maß an Sicherheit.

Reliability

Over sixty years of accumulated knowledge, combined with Azkoyen's programme of continuous investment in Research and Development and the latest production techniques, means peace of mind in terms of product reliability.

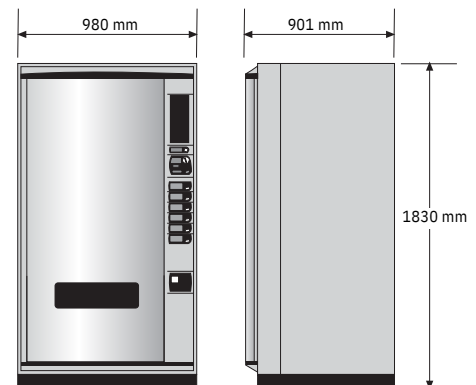

Zuverlässig

Die mehr als 60-jährige Erfahrung der Firma Azkoyen und kontinuierliche Investitionen sind der Schlüssel der Zuverlässigkeit dieses Produktes.
